

AQUA SOLEIL

HOTEL & MINERAL WATER POOL

Our role to you and our community is to keep everyone safe and healthy. While we continue to follow the CDC as well as our state's guideline, we've imposed additional measures below to maintain our commitment towards a safe and healthy getaway.

You will see our team members wearing protective masks.

Front Desk will be fitted with plexiglass acrylic screens and safety distance markers on the floor.

On your room door you will notice our proof of sanitation sticker for all high contact areas of your room.

We recommend to only ride the elevator with the people in your party.

Keys & high-contact surfaces such as lobby access doors, stairway banisters, elevator buttons, desks, door handles & floors will be disinfected regularly.

Please practice 6ft of social distancing between each other on all public areas in our property such as our walkways, hallways & lobbies.
